Current Policy: 2000 03 07

Title: **Recreation Centre Ice Installation and Removal**

Purpose: To establish guidelines for installing and removing the ice in the Recreation Centre at the beginning and end of the winter programming.

Policy Statement: Ice shall be installed in the Recreation Centre:

- One ice surface in the early part of October and the second ice surface by late October, based on demand.
- The ice shall be removed from the Recreation Centre on or before March 31st on an annual basis in keeping with the end of the winter programming.
- Ice installation between April 1st and October 1st (hockey school, skating school, etc.) shall occur only when 100% of cost recovery can happen.
