## GREEN TIP OF THE WEEK

### *"Communities in Bloom Judging Day"*

Stettler, as the 2011 National Communities in Bloom Champion for our size, is now competing internationally. The judges will tour Stettler on July 11. Do your part to make Stettler beautiful for all of us: clean up some litter or set out a pot of flowers at your home or business.

*No one can do everything. Everyone can do something.*

Sponsored by the Heartland Beautification Committee

## GREEN TIP OF THE WEEK

### *"Go Bagless! "*

Leave grass clippings on the lawn sometimes. It makes the lawn and soil healthier so there's less need to fertilize or to water. Over-watering and over-fertilizing cause thatch, not grass clippings.

*No one can do everything. Everyone can do something.*

## GREEN TIP OF THE WEEK

### "Line-dry your clothes"

Sunshine is the best dryer and it's free! It kills germs, there's no need for chemical dryer sheets, and it saves energy and money.

Choose sunshine as your dryer.

## GREEN TIP OF THE WEEK

### "Toxic recycling items"

Take the following toxic recycling items to the Eco Centre at the Stettler Transfer Station or to the new mini eco centres at most County Transfer sites: all paint, all household items with a warning whmis symbol, all batteries (ends taped), fluorescent bulbs, inkjets/laser toners, cell phones, and disposable propane tanks.

### TOXIC ITEMS WITH THESE SYMBOLS
