

## TOWN OF STETTLER

<u>Prepared by:</u>	Director of Operational Services	<u>Number:</u>	XV-3(b)
<u>Adopted by:</u>	Town of Stettler Council	<u>Original Policy:</u>	2002 10 15
		<u>Previous Policy:</u>	N/A
		<u>Current Policy:</u>	2002 10 15

Title: **Sidewalk Replacement**

Purpose: To set a standard for major reconstruction projects involving the removal and replacement of the curb, gutter and sidewalk as one unit.

To encourage sidewalks on one side of the street where appropriate to minimize installation and maintenance costs and to allow for easier snow removal.

Policy Statement: The Town of Stettler will provide curb, gutter and sidewalks as one unit on one side of the roads in the project area and in cul-de-sacs where appropriate.

Typically the shorter cul-de-sacs such as 43 Avenue Close will have no sidewalks and longer cul-de-sacs such as 42 Avenue Close will have sidewalks on one side.

Should the Town of Stettler receive a valid petition requesting sidewalks on both sides of the street, the improvement will be installed as a local improvement to the entire area.

Where extensive pathway development has occurred (Meadowlands) any sidewalk installation will be at the property owner's cost.
