6. Administration:

(a) <u>Christmas Workplace Closure / Employee Time Off</u> – 2018/2019

As part of an overall employee benefits/appreciation strategy, Town Council has historically granted a minimum of 4 consecutive days off (including weekend days) at Christmas for regular Town staff. This is not formally written into Policy, thereby requiring Council's consideration in only the years when this happens.

In 2018 and 2019 the Statutory Holidays of Christmas Day and Boxing Day fall midweek, thereby creating a single working day separation with the adjacent weekend; being Monday December 24th in 2018 and Friday December 27th in 2019.

Under similar circumstances back in 2012 & 2013, Council determined it appropriate and practical to close most normal Town operations (in both years) to allow most employees a Christmas break of 5 consecutive days, including the weekend.

Full-time regular employees would receive a day off with pay in each year. Those required to work, on-call, overtime, part-time & casual employees would be compensated in an equivalent manner to regular Statutory Holiday remuneration calculations. This would be a highly appreciated staff/family employment benefit, with a minimal service level impact.

Motion 18:05:03 Moved by Councillor M. Fischer that the Town of Stettler Council approve and direct Administration to close most normal operational/non-emergency functions of the Town as possible on Monday, December 24, 2018 and Friday, December 27, 2019 to grant as many employees as reasonably possible an additional day off with pay, thereby creating an enhanced Christmas Season break of 5 consecutive days, including the weekend.

Andrea Hatch & Karen Spruyt entered the meeting at 4:40 p.m.

Mayor Nolls welcomed Andrea Hatch to the meeting.

A. Hatch highlighted a "Street Light Banner Program" presented to Council:

COMMITTEE MINUTES APRIL 10, 2018 PAGE 2

- The Town of Stettler! Beautification Committee have in the past spent in excess of \$400-600 per banner without the brackets.
- For Every 5 businesses or organizations in town who purchase a banner for \$495
 + 295 yearly renewal fee, the Town Community events will receive a banner (and brackets) that is designed to highlight Stettler and its identity.
- The project would be managed by Andrea Hatch-Cabinet of Curiosities and Karen Spruyt-Hearttand Promotions.
- We propose that the town support a local endeavor to pilot a 3 year project that would see hundreds of banners added to the streets of Stettler.
- Our vision is to create sets of banners that would line the different streets of Stettler in a color coordinated scheme. We initially see using six colors, each color lining a different street block or area in Stettler. The banners would have a local stylized theme that represents our town and area at a quick glance. We would leave the center portion of the banner open for the business, organization or event logo.
- The banners will be constructed of top quality materials intended for winter climates. The size we are suggesting is 24" x 48" the same size as the current red and white Heart of Alberta banners. They would be double sided and made of mesh vinyl (this allows the wind to pass through them and extends their life). Banners would be mounted on quality pole banner hardware, which again helps to extend the lifetime of the banner.
- In the initial year, each banner would cost the business or organization \$495 + GST. This fee will cover the costs of the: banner, pole brackets and installation. We have 3.5 year life expectancy for the banners and will use 3 years as our target for changing the banners. This ensures that the banners are in good shape so they represent the business and town well. IF a banner is rendered unusable in the first three years, it would be replaced by the project at no cost to the business or town.
- With a proposed sale of 200 business and organization banners, we would provide the Town of Stettler would receive a total of 50 free banners by the end of the 3 year project. 15 banners the first and second year would represent a value to the town of \$7425.00 each year. The value on the third year banners would be \$9,900 for a total value of banners over the 3 years: \$24,750. This is provided at no cost to the town or taxpayer.
- A banner cannot be in front of the business It represents unless requested and available after the lottery process.
- A banner cannot be in front of a direct competitor of that business.
- A company cannot pick only the banner background colors that are associated with their brand. They can however utilizes the middle section of the banner.
- A company cannot pick its banner location: the locations will be allocated via lottery for fairness.
- A banner cannot be attached to a pole that contains a Dept. of Highways signage unless preapproved.
- Complaints can be logged to the project committee and in cases of compliance may be resolved with the assistance of the Town or.
- The Project Committee will include: Both project managers, a member of the Board of Trade or the Town. This committee would report back to the Town about problems and progress made on the project

Legislative Requirements

The 2018 Operating Budget and Tax Rate Bylaw #2106-18 have been prepared based on the 3 year 2018 – 2020 Interim Operating Budget approved December 19th, 2017, the 2018 Capital Budget approved on January 30th, 2018 as well as several subsequent individual budget adjustments that are considered necessary to improve forecasting accuracy.

Section 353 of the *Municipal Government Act* authorizes a Council to impose a tax in respect of property in the municipality to raise revenue to be used toward the payment of the expenditures set out in the budget of the municipality. Administration recommends that the 2018 Operating Budget be adopted by Town Council prior to the 2018 Tax Rate Bylaw being given all required readings.

In considering the fair, equitable and transparent treatment of properties in both tax classes, a base split municipal tax rate is calculated and then utilized to ensure that the cumulative amount of municipal taxes collected from pre-existing properties in each property tax class is the same amount as was collected in the previous year. Following this, Council's desired and approved tax rate change(s) for each class are independently applied and a new split tax rate is calculated for each class.

In this way Town Council can achieve a desired and relatively accurate outcome from each property tax class without any municipal tax burden shifting between classes due to assessment valuation variations. There is tax shifting occurring within each tax class.

2018 Municipal Property Taxation

The 2018 <u>Interim</u> Operating Budget previously authorized a 2% tax increase for municipal purposes from both tax classes with the school and housing authority estimated tax impacts being extra. Since then the actual 2018 education and housing requisitions have been received.

A Summary of 2018 Property Taxation Options has been prepared to quantify some alternative cumulative financial/budgetary impacts at various reasonable taxation increases over 2017 levels.

Administration has presented the 2018 Operating (Tax) Budget and Tax Rate Bylaw based on the following assumptions as authorized during the 2018 Interim Budget process:

Average 2.0% municipal tax increase to pre-existing residential properties Average 2.0% municipal tax increase to pre-existing non-residential properties.

The 2018 property tax increases, as presented, will generate an additional \$110,003 for <u>municipal</u> purposes from pre-existing 2017 taxpayers, and an additional \$25,887 will be generated for <u>municipal</u> purposes from new construction growth.

The amount of municipal taxes expected to be generated from remaining annexed properties is approximately \$149,007 based on the Town's lower <u>non-residential and farmland</u> rates, however is subject to the County's historically lower <u>residential</u> rate.

2018 Combined Property Taxation

Municipal taxes are the primary component (roughly 2/3^{rds}) of the annual property tax notice. However the other substantial component is the Education Property Tax Requisition (roughly 1/3rd).

A rough breakdown is as follow:

- Municipal 69% of total property tax notice
- ASFF 27% of total property tax notice
- Seniors 4% of property tax notice

\\DC1\Company\Misc Town\Steven\Memo\20180515 - 2018 Tax Budget.docx

Education tax has a significant impact on the overall amount of property taxes collected from both tax classes. The average percentage changes necessary from pre-existing 2017 tax classes are as follows; based on the actual 2018 Education Property Tax Requisition:

| | Residential | Non-Residential |
|-----------|-------------|-----------------|
| Municipal | 2.00% | 2.00% |
| Education | 3.81% | 4.50% |

All property classes combined there is an increase of \$100,984 (4.55%) in the school requisition for 2018.

- 2017 \$2,221,393
- 2018 \$2,322,377 (\$100,984 / 4.55% increase)
 - o ASFF \$2,145,576 (2017 \$2,052,280 / \$93,296 difference)
 - o Separate School \$176,801 (2017 \$169,113 / \$7688 difference)

The impact on each property class is broken down as follows:

The entire Residential property class is required to generate \$56,854 more for school purposes in 2018. \$50,212 will be generated from previously existing properties in 2017 representing 3.81% and \$6,642 will be generated from new residential construction growth.

The amount required from the entire Non-Residential property class for school purposes in 2018 has increased by \$44,130. \$37,627 will be generated from previously existing properties in 2017 representing 4.50% and \$6,503 will be generated from new residential construction growth.

A multi-year comparison of the average financial impact on each "Previously existing" property tax class based on the combined "Real Dollar" property tax increase <u>(from all tax authorities)</u> is as follows:

| | 2018 | 2017 | 2016 | 2015 | 2014 | 2013 | 2012 | 2011 | 2010 | Total |

Options:

- 1. Town Council may desire to change expenditure allocations for any purposes within the proposed 2018 Operating (Tax) Budget thereby changing the projected amount available for capital purposes.
- 2. Town Council may consider changing the percentage increase for either property tax class which will result in a corresponding enhancement or a reduction in the projected amount available for capital purposes. The impact of a 1% change in either class is as follows:

| Residential Class 1% change equals: | +/- \$34,807 |
|---|------------------------------|
| Non-Residential Class 1% change equals: | <u>+/- \$19,923</u> |
| Combined 1% change: | +/- \$54,730 (½% - \$27,365) |

Re: Emergent – Water and Sewer Replacements 50A Avenue & 43 Street

Background:

Over the past six months, staff have been monitoring a saturated spot in an easement behind 4213 50A Avenue. May 7th staff prepared to repair a small leak and excavated at the saturated location. The pipe material of the water main is old irrigation type pipe which is not suitable for the depth of bury, nor the pressures of the water system in town. The pipe was distorted in shape, cracked all through the pipe and deteriorated. A repair clamp was successful installed to try to control the leak, however because the pipe is egg shaped we expect this to be a very temporary measure.

The best option currently is to explore a complete replacement of the water main. This work involves the relocation of fences, sheds, and trees; and requires the cooperation of ATCO Electric and AltaGas whose facilities are in the easement. The sanitary main which is directly adjacent to the watermain in the easement is being proposed to be replaced at the same time. The mobile homes on the north side of 50A Avenue are also serviced via easement in the back yards and through old record drawings exploration, we have found it is of the same material and we propose replacing both locations this year if budget allows.

Location:

Budget:

A preliminary cost estimate has been completed to set a budget amount. Each 6 home section has cost of \$97,250 plus engineering costs of 20%, for a total per section cost of \$116,700.

Total project budget request is \$233,400, excluding gst.

Recommendation:

Administration respectfully recommends that Town of Stettler Council approves proceeding with construction design and tender with an expected budget of \$233,400 funded through the 2018 Capital Budget.
