

Water and Wastewater Foreman

The Town of Stettler is looking to fill the full time position of Water and Wastewater Foreman. This position is based on a 40 hour work week with the need for overtime/weekend work during emergent situations.

The successful candidate will have 7 years minimum experience in the operation and maintenance of water and wastewater utilities. Performs a wide range of administrative activities, including work planning, fiscal management, and staff recruitment/supervision/training. Other responsibilities include interpreting and complying with provincial regulations, policies, and best practice methods. Understand and follow town policies/procedures/safety manual. Identify and resolve operational problems, sets and follows deadlines to ensure completion of departmental operational functions.

You must be a highly motivated, results driven person with the ability to handle stressful, changing work environments. You must be a team leader with an ability to collaborate with departments across the organization. You have a valid class five drivers license and class three with Q endorsement. Equipment experience will be considered an asset. A certificate in Water and Wastewater from NAIT or SAIT, or Alberta Environment Certification Level II in Water Distribution and Wastewater Collections, and Level 1 in Wastewater treatment will be required.

The Town of Stettler offers a competitive salary and benefit package including LAPP pension.

We would like to hear from you if you are qualified and interested in the position. Applications will be accepted until June 18th, 2021. Please direct applications with three references attention to:

Melissa Robbins
