

Alberta Transportation

Highway 12 Construction

Intersection improvements at Highway 12 and 67th Street, in the Town of Stettler

Overview

During the summer of 2021, Alberta Transportation will begin construction on Highway 12 within the Town of Stettler. The project will include intersection improvements at Highway 12 and 67th Street as well as crosswalk installations at Highway 12 at 60th Street and Highway 12 at 59th Street (see map, page 2).

Project Details

The intersection improvements at Highway 12 and 67th Street will include the milling and paving of the intersection, new medians and the installation of traffic signals and illumination.

A new pedestrian activated crosswalk with flashing lights will be installed at Highway 12 and 60th Street. The existing pedestrian activated crosswalk at Highway 12 and 59th Street will also be replaced.

Work on site is expected to begin mid-August 2021 and is anticipated to be complete by October 2021. Construction will occur between the hours of 7am and 7 pm daily, with no work occurring over long weekends.

Intersection of Highway 12 and 67th Street in the Town of Stettler

Traffic Impacts

As with any construction project, travelers may experience speed reductions, lane closures and minor delays. Signage with additional information on construction timing will be posted on site a week before construction begins. No detours are anticipated. A traffic accommodation strategy is also in place to mitigate the impacts to travelers. This includes additional signage, delineation, and if required, illumination.

Please watch for all and obey all construction zone signage and flag persons on site. For up to date information on this project, please call 5-1-1 toll free or visit 511.alberta.ca
