Galvanized steel raised beds and mow between (Donna McKenzie) – Laura OR

Overacker raised beds, Pnewko Trucking, Lacombe (see next page)

Rental agreement addition: ???

As a plot renter, you are responsible for keeping your area reasonably free of weeds. If a plot becomes overgrown with dense and/or tall weeds, the plot renter will be notified and if the situation is not rectified in two weeks, Town staff may, at their discretion, rototill the plot under, in order to prevent the spread of weeds to other gardeners.

(We have to keep garden edges reasonably weed-free, to set an example.)

RAISED BED OPTIONS:

Pnewko Trucking – Travis Overacker:

a) completely self-contained planters with a floor and fully assembled 3'x4' \$325 3'x6' \$475 4'x8' \$650

b) "Secondly, we could build planters on site with no bottom that would still last forever using our 2x6 and 1x6 lumber, this way materials would come in at \$300 for a 4'x8' planter. I would donate my time to help organize this with tools and plans as Stettler is my home town and I feel this would be a great project. Below is a photo of a ground level planter with no bottom to give you an idea of what can be done."

- replacement trees DNA Gardens? October

From Jacqui:

There are 3 or 4 trees that are pretty much dead that should be replaced. Are they the same ones that were dead last year that just didn't get replaced? It appears that the deer have been eating the branches. They do need some more cleaning up because now they have these ugly stubby branches on the bottom. Late March or early April.
