GREEN TIP OF THE WEEK

"Re-think what we buy"

"If it can't be reduced, reused, repaired, rebuilt, refurbished, refinished, resold, recycled or composted, then it should be restricted, redesigned or removed from production."

No one can do everything. Everyone can do something.

GREEN TIP OF THE WEEK

"Dishwasher vs handwashing"

Modern dishwashers are remarkably efficient, using less than 4 gallons per load. Washing that many dishes by hand can use three times that amount.

Sponsored by the *Heartland Beautification Committee*

GREEN TIP OF THE WEEK

"Styrofoam recycling"

Styrofoam recycling is available at the Stettler Transfer Site. Accepted is large, clean, white #6 packing Styrofoam. Food containers and packing peanuts are NOT accepted at this point.

GREEN TIP OF THE WEEK "Heavy cars for light errands?"

Should we really use a 3000 lb. vehicle to move us around? It takes a great amount of energy to push a 3000 lb car along the road, especially for short errands.

Walking or biking is a solution to consider.
