

### CLEAN ENERGY IMPROVEMENT PROGRAM

The Clean Energy Improvement Program has officially launched in the Town of Stettler! This optional financing tool allows for residential property owners to finance up to 100% of home energy efficiency upgrades and renewable energy installations. This allows property owners to access competitive financing and make repayment convenient through your property's regular tax bill. For more information on the program, visit: [www.stettler.net/live](http://www.stettler.net/live)

### SPRING LANE CLEAN-UP

Busy with spring cleaning? Let us lend a hand! From May 28th-31st, residents can place their unwanted items (appliances, household items, yard debris, etc) in their back alley or lane for Town crews to retrieve and responsibly dispose of. All compost material must be bagged and labeled accordingly, and all items must be clearly labeled "Lane Cleanup" and placed by garbage containers. Keep an eye out for the May Newsletter or visit [www.stettler.net](http://www.stettler.net) for the full pick-up schedule!

### EARTH WEEK COMMUNITY CLEAN-UP

Looking for an office team builder or just a reason to get outside with your family? April 22-26 is Earth Week and we need your help to clean up our town for summer! Pick a park and we will supply you with gloves, garbage bags, and when you're finished we will pick the bags up. Interested groups can contact Parks and Leisure Services at 403-742-4411 or visit our office in the Stettler Recreation Centre to pick an open space.
