COMPOST BINS

Neighbourhood compost bins are out and ready for the season. Please remember, no wood, branches, household garbage or cardboard to be placed in bins. All yard waste must be removed from garbage bags before placing in bins.

For compost bin locations visit
www.stettler.net

SUMP PUMPS

Please note that sump pumps and eavestroughs are not to be discharged into the sewer system and must be plumbed and discharged outside on your property. Allowing ground and rain water to enter the waste system can overwhelm the system during rainfalls and puts everyone at risk of sewer back ups.
